The premiums listed below are for 2025. The premiums and benefits are renewed annually on 1 January. This also means that your premium may change on 1 January each year and not 12 months after your commencement date due to inflation.

IMPORTANT INFORMATION

Cover for extended cancer benefits will end when the insured person reaches the age of 65.

A policyholder on an individual policy should notify us if there is a change in their circumstances requiring cover for additional dependants, in which event the premium will be amended accordingly.

Older people are likely to claim more benefits than younger people and therefore premium amounts are age banded and differentiated based on age.

If you miss a premium you have 31 days to pay the outstanding premium. If you pay by debit order and we are unable to collect your premium by the due date, we will try to deduct 1.5 times your monthly premium during the next monthly debit order run.

If the outstanding premium is not paid within 31 days or we are again unable to collect your outstanding premium, we will cancel your policy and your cover will end as at midnight on the day before your outstanding premium was due.

Policy premiums are not tax deductible in the same way that your medical aid contributions are. No IT3 tax certificates can therefore be issued for this purpose.

The policy agreement will be subject to South African law and all premiums and benefits will be in Rands from and to a South African bank account. If the law or the interpretation thereof changes, we may change the terms of the policy. We will notify you of any such changes.

SECTION E: DEBIT ORDER AUTHORISATION

I authorise Zestlife to issue payment instructions to its bank to collect the monthly premium/s due for the product/s I applied for by debit order from my bank account on condition that the sum of such payment instruction will never be more than my obligation in terms of this application. The debit order will be collected every month on the debit order collection date selected below.

If this collection day falls on a Sunday or recognised South African public holiday, the collection day will automatically be the following business day. SECTION F: NEEDS ANALYSIS

The Gap product meets my needs as my medical aid does not cover the total medical practitioner costs if I am hospitalised. The product was recommended as a solution because it will cover the difference between the medical practitioner's charges (limited to 5 times the medical aid tariff) for treatments I receive in hospital and for listed out-of-hospital procedures, less the higher of the amount payable or paid by my medical aid, or 1 times the medical aid tariff. In the case of the Essential Gap Cover option the medical practitioner's charges will be limited to 3 times the medical aid tariff and for the Optimal Gap Cover option, the medical practitioner's charges will be limited to 4 times the medical scheme tariff. I understand that I will experience a shortfall if a medical practitioner charges more than what is actually paid by my medical aid.

The Extended Cancer Cover (if chosen) meets my needs because I could experience medical aid shortfalls on cancer treatment. The benefit is subject to a general six-month waiting period. Cover for this benefit ends on the day the insured person reaches age 65. A life insured is not covered if the claim is made within 12 months after the start of the Extended Cancer Cover policy in respect of a medical condition for which in the 12 months preceding the start date of your policy medical advice, diagnosis, care or treatment was received or would reasonably have been recommended. No claims submitted for cancer diagnosed within the first six months from the start of the Extended Cancer Cover will be payable.

I understand that there are other similar products on the market but the intermediary regards this Gap Cover product as the most suitable product for me. Alternatively, the intermediary does not represent any other Gap Cover product supplier. I confirm that a full needs analysis was done and that the monthly premium is affordable taking into account my other financial commitments.

Fraudulent claims:

If any activity under the policy involves fraud, misrepresentation or false information, the policy may be cancelled. In this case, no claims will be paid out and no monthly premiums will be refunded.

Misrepresentation or misinformation:

Benefits will only become due and payable once all claim requirements have been met and we are satisfied that the claim is valid.

A claim will be regarded as invalid due to misrepresentation or misinformation if:

- false information was provided when the policy was applied for.
- we become aware that material information was withheld from or not disclosed when the policy was applied for; or
- false information is supplied when the benefits are claimed;

In such cases, we reserve the right to place you in breach of contract and upon your failure to remedy such breach, we reserve the right to cancel the policy in its entirety. If we decide to cancel the policy, we may refund any premiums you have already paid less any expenses related to the cover you have enjoyed up until the cancellation of the policy.

Reviewing the adequacy of your policy:

You will be responsible to ensure that you regularly monitor your policy to ensure the cover remains adequate to meet your financial needs and that the cover remains appropriate.

PRE-EXISTING CONDITION EXCLUSIONS

You will not be entitled to claim a benefit for a period of 12 months from the start date of your policy in respect of a medical condition for which in the 12 months preceding the start date of your policy medical advice, diagnosis, care or treatment was received or would reasonably have been recommended.

If you fall pregnant before the start date of your policy this will be regarded as a pre-existing condition and any pregnancy and birth related claims will be excluded for a period of 12 months from the start date of your policy.

If, immediately before the start date of this policy, you were insured under a medical expense shortfall policy with similar benefits to this policy, then the pre-existing condition waiting period will only be applied to the unexpired part of the pre-existing condition waiting period in the previous policy. The pre-existing condition waiting period will apply for a period of 12 months for any benefit not provided under your previous medical expense shortfall policy.

The extended cancer benefits have a 6 month general waiting period.
